

## *Price list for batches of wine*

So you'd like to make a batch of wine? A batch yields 30 bottles and the prices vary, depending on which variety you choose. With the batch price you receive about 25% discount off the regular per bottle price! Here's how it works:

1. Come into Girls Gone Wine and have a complimentary wine tasting to choose your favorite wine.
2. Put on your aprons and make your batch of wine (pitch the yeast and leave it to ferment).
3. Send photos, artwork, ideas via email to Rhonda at [winegirls@thegirlsgonewine.com](mailto:winegirls@thegirlsgonewine.com) and work with her to create your custom label. All 30 labels must be the same.
4. Come back in 5 to 9 weeks, or later, depending on the variety of wine you choose, and bottle, cork, foil and custom label your wine.

**(Batches must be paid for in advance)**
